| Log Summary: Add Assignment Rejection Code for UPS Cancelation | |
| Name of Standard PS3.16 | |
| Rationale for Correction: A variety of use cases involve a UPS Workitem being assigned to a scheduled resource such as a human performer or a workstation. Such an assignee accepts the assignment by claiming the workitem. If the assignee has no intention of accepting the assignment (i.e. claiming and performing the workitem) they might be helpful enough to communicate this fact by sending a code for "Workitem assignment rejected by assigned resource" in a cancelation request. The resulting notification would make the manager, the requester or an interested watcher aware of the issue and they could choose to cancel the workitem, or to re-assign it to another resource. | |
| Correction Wording: | |

Modify CID 9300 to add code for use in the Procedure Step Discontinuation Reason Code Sequence

CID 9300 Procedure Discontinuation Reasons

Type: Extensible

Version: 20440428yymmdd

Table CID 9300. Procedure Discontinuation Reasons

| Coding Scheme Designator | Code Value | Code Meaning |
|--|----------------|--|
| DCM | 110526 | Resource pre-empted |
| DCM | 110527 | Resource inadequate |
| DCM | 110528 | Discontinued Procedure Step rescheduled |
| DCM | 110529 | Discontinued Procedure Step rescheduling recommended |
| DCM | newcode | Workitem assignment rejected by assigned resource |
| <i>Include CID 9301 "Modality PPS Discontinuation Reasons"</i> | | |
| <i>Include CID 9302 "Media Import PPS Discontinuation Reasons"</i> | | |

Add Definition to PS3.16 Annex D

| Code Value | Code Meaning | Definition | Notes |
|----------------|--|--|-------|
| <u>newcode</u> | <u>Workitem assignment rejected by assigned resource</u> | <u>The resource to which a workitem has been assigned has rejected the assignment.</u> | |
