Correction Number CP-1821

Log Summary: AcquisitionDuration need not be mandatory for WSI

Name of Standard

PS3.3

Rationale for Correction:

AcquisitionDuration in WSI is Type 1 but adds little value and is often unknown if converting proprietary images. Make it optional.

Correction Wording:
Amend DICOM PS3.3 as follows (changes to existing text are bold and underlined for additions and struckthrough for removals):

C.8.12.4 Whole Slide Microscopy Image Module
