Meeting folder: <ftp://medical.nema.org/MEDICAL/Private/Dicom/WORKGRPS/WG29/2019/2019-05-14/>

**1. Opening**

- 1.1. The meeting was called to order at 10:00 US ET.
- 1.2. Antitrust and patent guidelines were reviewed.
- 1.3. The agenda was reviewed.
- 1.4. Due to lack of quorum, the minutes from the April 4<sup>th</sup> face-to-face meeting were reviewed but not approved.

**2. DICOM website**

- 2.1. Reminder: NEMA is currently working with Affirma on the website redevelopment project. The content from the current [DICOM homepage](#) will be transferred to the new website in about 7-8 months.
  - Bill Green, Senior Manager, Digital Media and Victor Carneiro, Web Applications Developer from NEMA, joined WG-29 t-con on April 23<sup>rd</sup> to discuss the migration of the current content of our DICOM website to the new platform. Please look at the NEMA Homepage example: <http://template.nema.org/>
  - There is going to be training on a new website before any switchover.
  - Members of WG-29 will have a chance to see how things are working and what needs fixing before any switchover.
  - No login required to use the website
  - More graphics/images have been requested.
    - We will first shift to the new website, and then bring the graphics.

- The goal is to easier navigate through the website, but at the same time to attract new DICOM comers.
- Overall, the design structure of a website was well received by present members on the call.

## 2.2. DICOM Content Audit

- MITA/NEMA has requested a complete content audit of the DICOM website because the NEMA and MITA websites will have a major update including a new content management system in 2019/2020. As a result, the DICOM website will also be migrated, so in preparation, all DICOM content must be audited.
- Luiza and Lisa reviewed the DICOM content of the audit spreadsheet provided by Victor. The spreadsheet is posted in the meeting folder.
- We don't want any https to go to the old NEMA /DICOM website.

**Action 1:** Distribute the audit spreadsheet to members of WG-29 ECO for a review-Luiza

## 2.3. New two drop-downs under News on the website:

- DICOM progress: <https://www.dicomstandard.org/News/progress/index.html>
- DICOM in the News: <https://www.dicomstandard.org/dicom-in-the-news/>

## 2.4. DICOM Newsflash

- The callout box will be placed on DICOM landing page.

## 3. Tooling (JIRA)

### 3.1. Current use: Luiza has set-up test sites for WG-10, WG-29

- Luiza reported that DICOM/NEMA does not qualify for a non-profit license from Jira and will report back to WG-29. We will still use JIRA tooling with a limitation of 10 users for now.
- Link: <https://dicomstandard.atlassian.net/secure/Dashboard.jspa>

**Action 2:** Look into the KAVI (now a Higher Logic product) to see if this might also provide the needed functionality since NEMA/MITA already has a license. Report it at the next call June 18<sup>th</sup>-Luiza

## 4. 2019 DICOM Conference - Bangkok, Thailand

- DICOM Conference Program was reviewed by Lisa Spellman.
- **DICOM Thailand Education Conference-DRAFT-v6.0.pdf** is posted in today's meeting folder.
- Bjorn Nolte, Siemens, volunteered to be a back up to fill in any empty slot in the program, if needed. It could easily be done remotely. He would give a presentation on DICOM News.
- Luiza sent an email "DICOM Thailand Education Conference-Call for speakers" on April 23<sup>rd</sup> to the roster of WG-20 Imaging Integration and WG-27 Web Services calling for speakers on DICOMweb Services and DICOMweb and FHIR, but nobody has volunteered so far.

## 5. Old Business

## 6. New Business

### 6.1. ESC Digital Summit 2019 – PPT (Nico Bruining)

- ESC Digital Summit 2019 Promo Slides.pptx has been uploaded in the meeting folder

**Action 3:** Distribute Nico's deck of slides on the [2019 ESC Digital Health Summit](#), which will be held 5-6, October, 2019 in Tallinn, Estonia to the roster of DSC, WG-01, WG-10, WG-12, and WG-29-Luiza

### 6.2. Recent reports of DICOM vulnerability

- DICOM has responded to the recent reports of DICOM vulnerability in the 128-Byte preamble. The email below was sent out on May 6, 2019 by DICOM Secretariat:

"...Dear DICOM Community,

Many of you have recently been made aware of media reports regarding a potential vulnerability in the DICOM 128-Byte preamble. We are aware of the issue and took a few days to discuss and craft a press release and detailed FAQ to address the many questions we've received.

We encourage you to visit the new **DICOM in the NEWS** (link below) which contains the press release and FAQ. Please feel welcome to share these documents with anyone in inside or outside of your organization that may have questions or concerns.

**Link to press release and FAQ:** <https://www.dicomstandard.org/dicom-in-the-news/>

**Join us:** Please also note that we discuss these and similar issues in **DICOM Working Group (WG) 14, Security**. We welcome active new members to work with us to keep apprised of evolving issues and craft appropriate responses and solutions. Please join us – WG-14 meets 1x/month – usually on the 3rd Wednesday from 9:00-10: 00 am US ET.

**Link to learn more about WG-14, Security:** <https://www.dicomstandard.org/wgs/wg-14/>

**To learn more or participate in any DICOM WG:** If anyone you know is interested in receiving e-mail information on the latest changes to the DICOM Standard or participating in a DICOM WG, please forward this link: <https://www.dicomstandard.org/participate/>

As always, we are a welcoming and collaborative organization so please continue to send questions or direct any concerns to DICOM General Secretary [ispellman@dicomstandard.org](mailto:ispellman@dicomstandard.org) to the DICOM Secretariat at [dicom@dicomstandard.org](mailto:dicom@dicomstandard.org)

Thank you and kind regards,

Lisa and Luiza ...”

- Steve Horii, ACR, will address the DICOM issue in one of his articles as well. We will share it when it is available.

## 7. DICOM logo

- The email “Collecting ideas for the new DICOM logo” was sent to DICOM Community.

“Dear members of DICOM Community,

During the last DICOM WG-29 ECO (Education Communication and Outreach) meeting in Rennes, France on 4 April, there was a proposal to considering updating our current DICOM logo.

DICOM is an active standard and as such, we have been reviewing various visual elements to ensure they reflect the dynamic flow of our work. The major refresh of the DICOM website and updates to various templates have been completed to update our brand. The current DICOM logo is over 20 years old, so we thought this would be a good time to collect feedback and even some proposed designs for a refreshed DICOM logo.

If you have any creative ideas for the new logo, please send us an example or any thoughts by June 1, 2019 to [dicom@dicomstandard.org](mailto:dicom@dicomstandard.org).

We would love to get your feedback and hear the new ideas for an updated DICOM logo....”

- **Please send us an example or any thoughts by June 1, 2019 to [dicom@dicomstandard.org](mailto:dicom@dicomstandard.org).**
- Meeting folder has been created where we upload any ideas for a new DICOM logo:  
[ftp://medical.nema.org/MEDICAL/Private/Dicom/WORKGRPS/WG29/DICOM\\_logos/](ftp://medical.nema.org/MEDICAL/Private/Dicom/WORKGRPS/WG29/DICOM_logos/)
