- o **2019-Bangkok Thailand**

Next steps:

1. Finalize the program
2. Send an email with the registration information

3. DICOM website

- No updates

4. DICOM logo

- We collected twenty-three fantastic ideas for a possible new DICOM logo.

Next Steps:

- Send a ballot #1 to voting members of WG-29 ECO to pick what alternative logos need to be proposed to the DICOM Standard Committee. The purpose of this first ballot is to identify possible new options and narrow the number “23” down.
- Collect the results from the ballot #1
- Create the ballot #2 for the DSC.
- The DSC will decide what logo best represents DICOM (the existing one or one of the new proposed ones). For that ballot, the existing logo would be listed along with the new alternatives.
- The DSC ballot will contain the existing logo and the 4 most popular proposals from the WG-29 ballot.
- In the final ballot, include an option for people to submit a vote: “No need to change the current DICOM logo”.

Next Step:

1. Luiza to send a ballot to voting members of WG-29 ECO.
