1. **Opening**
   1.1. Call to order and roll call.
   1.2. Antitrust and patent rules review.
   1.3. Agenda review and approval. Was approved with no changes.
   1.4. Review of minutes from 29 November 2018. Approved with no changes.

2. **Governance and Procedures status update** (Jeroen, Kevin)
   <Action 1> Send a communication that includes comments disposition for 30 days for member review. Lisa to work with task group on timing. (Lisa)

3. **Appointment of nominating subcommittee for next vendor co-chair** (Lisa)
   - Per DICOM guidelines, a nomination subcommittee is needed to manage procedures for the nomination of a new vendor co-chair. The term for Jeroen Medema, Philips, concludes at the end of 2019.
   - **Volunteers**: John Carrino, Kevin O'Donnell, Emmanuel Cordonnier
   - **Issue a ca**ll: Issue call (Lisa to work with nominating committee on date range)
   - **Deadline:** For presentation of candidates at the Sept/Oct 2019 Thailand meetings

4. **Chinese YY/T Standard** (Andreas)
   - Draft: Basic Requirements of Communication and Conformance for Medical X-ray Image Equipment.

   <Action Item 3 from Nov 2018 DSC meeting>: Discuss this topic at the next meeting.
   Owner: Andreas Klingler
   - 2020-2021 next version update
   - They have an English translation that Andreas has provided and will be placed in meeting folder.
   - This is going to be mandatory in China.
   - Their public comment process is complete and the document is apparently in final text, but has not yet been published at the time of this meeting.

   <Action 2>
   a. Present to WG-06 for review at the June meeting. (Lisa/Luiza)
   b. Present to MITA X-Ray WG for FYI. (Lisa)

5. **New DICOM Membership Applications** (Lisa)

   5.1 Hitachi Healthcare
   - Contact them and ask if they might be interest to WG-16, WG-21 as well, along with welcome.
   - **MOTION**:
   - **Approved Unanimous**. No objections or abstentions. No comments.

   5.2 LOINC
   - **MOTION**:
   - **Approved Unanimous**. No objections or abstentions. No comments.

6. **New DICOM Work Item Proposals (NWIP)**

   6.1 WG-05_NWIP-Enhanced_Directory+Shared_Fileset
   - Presented by Laitek
   - Fred Behlen presented
   - See proposal for details
   - Discussion
   - **MOTION**: Move for WG-10 to convene a workshop soon (within coming months) to address issues as identified in Fred's proposal and to table the work item proposal. Since target stakeholders might not be aware or able to attend, please be sure to spread the word about this activity to ensure greatest participation.
   - **Motion Approved.** No objections or abstentions.
   - ***Discussion***:
     - Fred noted that they will flesh out some implementation, use cases and diagrams as discussed.

   <ACTION 3> Work with WG-10 chairs to schedule workshop as described in approved motion.
   Lead: Lisa to work with Ken & Kevin

6.2 WG-08_Prostate imaging SR - DICOM work item request

- David Clunie presented on behalf of submitter Andrey Federov
- **MOTION:** Motion to approve work item as presented. 2nd.
- **Motion Approved.** No objections or abstentions.

6.3 WG-19_Work_Item_Request_Dermoscopy_20190319

- David Clunie presented on behalf of Liam Caffery / WG-19
- WG-19 reactivating with secretariat, International Dermoscopy Society (IDS, and support funding
- **MOTION:** Motion to approve work item as presented. 2nd.
- **Motion Approved.** No objections or abstentions.

6.4 WG-23_SimplifiedSRInJSONForAIResults

- David Clunie presented on behalf of WG-23
- **MOTION:** Motion to approve work item as presented including cancelation of work item 2012-11B
- **MOTION:** Motion to approve work item as presented. 2nd.
- **Motion Approved.** No objections or abstentions.

7. New Proposed Names for DICOM Working Groups

- Please note WG-17 has a proposal for a revised scope and name.

8. New DICOM Workgroup Proposal

- There were no new DICOM workgroup proposals.

9. DICOM Working Group Reports

WG-01 Cardiac and Vascular Information

- Link: https://www.dicomstandard.org/wgs/wg-01/
- Lisa presented for WG-01. Please see written report

WG-02 Projection Radiography and Angiography

- Link: https://www.dicomstandard.org/wgs/wg-02/

WG-04 Compression -Dormant

- Link: https://www.dicomstandard.org/wgs/wg-04/
- David Clunie presented for WG-04. See written report.
- JPEG is working on something new that may be of interest. There is a possible emerging problem with these multiple formats. JPEG has formally asked for medical requirements

- Raise the topic of the need for new transfer compression syntaxes for encapsulation and better compression use cases
- **MOTION:** WG-10 to discuss the strategic issues related to new transfer compression syntaxes. 2nd.
- **Motion Approved.** No objections or abstentions **Timeframe**: Is timely but not urgent

<Action 4> Place for action for WG-10 review and discussion

- **MOTION**: To empower DC and WG-04, to update the medical requirement for compression document for the ISO/ITU/JTC and any other relevant entities and provide to suitable testing images.
- Motion received a 2nd,
- **Motion Approved.** No objections or abstentions **Timeframe**: Is timely but not urgent

<Action 5> Place for action for WG-10 review and discussion

Copied from WG-04 Rennes report on this topic:

- Challenges and Opportunities (Environment):
- A recent spate of new video and still frame compression schemes raises the question of the need for new Transfer Syntaxes
- Mobile device still frame compression schemes beyond JPEG need to be considered
- Enterprise image encapsulation use cases need to be balanced against interoperability issues raised by proliferation of schemes

WG-07 Radiotherapy

- Link: https://www.dicomstandard.org/wgs/wg-07/
- It was noted that Uli Busch retired. His many years of participation was noted and appreciated.
- Please see written report

WG-08 Structured Reporting and Common Data Elements

- Link: https://www.dicomstandard.org/wgs/wg-08/
- No written report
- David Clunie reported that they had first teleconference in a while, so work is underway.
- Still supported by RSNA.

WG-09 Ophthalmology - Dormant

- Emmanuel gave report. See written report

WG-14 Security

- Link: https://www.dicomstandard.org/wgs/wg-14/
- Lawrence Tarbox gave report.
- Struggling with passive volunteers
- DICOM is an interchange communication standard, not a process standard, so we are not really set-up for providing much guidance around process. The technical means are there, where is the place for these strategy documents? If you were starting from scratch, how would you secure your organization, what does the PACS administrator have to do to secure DICOM?
- Discussion
  - Where to post such documents? Do this through MITA or on DICOM website "How to use DICOM" – process if it went anywhere would be in WG-17. Needs a home, but not sure where should live. MITA for US, COCIR & JIRA to get global coverage.
  - These issues really impact the entire organization, more than just imaging.
  - There is missing a health organization security framework is really needed where we could work on the DICOM piece

<Action 6> Update the DICOM web page with content speaking to what DICOM does provide with regard to cybersecurity (Lisa, Luiza)

- Links to recent media topics & white hacking as discussed

WG-15 Mammography and CAD

- Link: https://www.dicomstandard.org/wgs/wg-15/
- Dormant, but do provide feedback on CPs and such when requested

WG-16 Magnetic Resonance

- Link: https://www.dicomstandard.org/wgs/wg-16/
- Request was made to please expand the scope; the last edit was too vague. Look at other modalities as a model for scope revision.

WG-19 Dermatology

- https://www.dicomstandard.org/wgs/wg-19/
- David Clunie presented on behalf of Liam Caffery / WG-19
- WG-19 reactivating with secretariat, International Dermoscopy Society (IDS, and support funding
- **MOTION:** Motion to approve work item as presented. 2nd.
- **Motion Approved.** No objections or abstentions.

WG-20 Integration of Imaging and Information Systems

- Link: https://www.dicomstandard.org/wgs/wg-20/
- See written report
- It was noted that we want to continue to ensure this group persists to ensure alignment between DICOM & HL7.

WG-21 Computed Tomography

- Link: https://www.dicomstandard.org/wgs/wg-21/
- Poor track record for getting new IODs implemented.
- It was suggested that they focus on raising awareness and getting adoption of Supplement 188
- It was suggested to perhaps do an IHE profile for multi-energy CT

WG-22 Dentistry

- Link: https://www.dicomstandard.org/wgs/wg-22/
- DSC encourages & note the importance of STL files as a solution to this problem
- Encapsulation of the STL file is appropriate solution for their use case

WG-23 Artificial Intelligence/Application Hosting

- Link: https://www.dicomstandard.org/wgs/wg-23/
- Two main projects underway
- Result reporting: Identify results and catalogue

WG-24 DICOM in Surgery-Dormant

WG-25 Veterinary Medicine-Dormant

Link: https://www.dicomstandard.org/wgs/wg-25/

WG-26 Pathology

- Link: https://www.dicomstandard.org/wgs/wg-26/
- David Clunie gave verbal report
- Active work continues, doing several Connectathons
- Digital Pathology better uptake in Europe; FDA continuing to place roadblocks because thought that whole slide is not as good at optical microscopes; heavily customized systems already in place, not as much support for enterprise-wide support for their specialized workflow; implementation would increase image files 2-3x

WG-27 Web Technology for DICOM

- Link: https://www.dicomstandard.org/wgs/wg-27/
- There was a discussion about the relative value of the re-documentation activity

WG-28 Physics

- Link: https://www.dicomstandard.org/wgs/wg-28/
- There is some work on the RDSR activity. No written report
