

DICOM Change Proposal

Change Proposal Number: CP-205	
Log Summary: Correct CR Cassette Size Defined Terms	
Name of Document: Part 3: Information Object Definitions	Version Number: PS 3.3-2000
Rationale for change: Two of the defined terms are spelled incorrectly, an "l" is missing in the second inches abbreviation for the 14x14 and 14x17 cassette sizes. This incorrect spelling is inconsistent with the film size ID defined terms in the print IODs, as well as being likely to be misused by implementors who spell it the "expected" way.	
Correction wording:	

Item: Amend PS 3.3 Section C.8.1.2 Table C.8-2:
