5 TOPIC ITEMS DISCUSSED

- Audit trail-

Action: Rob Horn to make updates and Steve Nichols to review.

Edit: will draft so that there are three role codes: application, media, and endpoint. We will also add text into CID 405 so there will be one, uniform CID for all of the types of role codes and will add explanatory text to Part 16 describing that to not break CID 405. There will be additional edits throughout Part 15 where we examine network access points to make changes.

- BCP- submitted a change to the document.
