1. Opening

- 1.1. Welcome and roll call: the teleconference was called to order and a quorum was present.
- 1.2. DICOM Antitrust and patent rules were reviewed.
- 1.3. The agenda was reviewed and approved.
- 1.4. The minutes from 2021-06-08 were reviewed and approved.

2. Service Discovery and Control Supplement

- 2.1. Brian led a First Read of the Supplement draft and its corresponding PowerPoint to Working Group 06. Discussion revolved around this Supplement potentially becoming its own part to DICOM, or being moved from Part 19 to Part 15 because it actually talks about incorporation of other Standards into DICOM. The group discussed how much to emphasize OAM (Open Application Mode) and the changes/extensions to make this work for DICOM, as all well as picking a version of OAM.
- 2.2. **Action:** Shayna to request a 15-minute presentation at each of the groups below to get their feedback, then see if they'd like to proceed offline or meet on another call.

- 2.3. Brian is not anticipating that they will be ready by the next WG-06 meeting. He needs to get feedback from the other WG's then restructure some of the documentation. For the next call, we will revisit the Part 15 issue.
- 2.4. **Action:** Shayna to reach out to DICOM ExComm to confirm what the guidelines are regarding trial implementations of Supplements.

3. Old or New Business: none at this time.

4. Next meetings – tcons:

4.1. Current schedule: Every other Tuesday, usually 11am – 12pm US ET, unless schedule conflicts or additional calls are needed. Next calls:

- July 20th and August 3rd

5. Adjournment: the call was adjourned at 11:35am US ET.
