Notes: 1
GE and J4Care are first time WG 26 demonstration participants. They are long standing IHE participants in Radiology and other domains.
Compliance checking for scanner vendors is run on of David Clunie's tools along with some hand field checking.

Discussion on developing a proxy server to capture QIDO and WADO queries for compliance checking.

2021 European Congress of Digital Pathology
Group discuss having a virtual connectathon in conjunction with the conference

Digital Pathology Image Acquisition Profile from IHE
- David recommends trying to implement it
- Now at the point where we can try to recruit APLIS participants
- Participation in an IHE Connectathon requires significantly more funding and is a far longer event then the DICOM connectathons
- The profile would be a steppingstone for the group to move towards regular IHE connectathon level participation

Meeting Dates
- Teleconferences on scheduled Tuesdays at 9AM central time
  - Next meeting 10/6/2020

Adjournment
  The meeting was adjourned at 10:00 CST.
