1. **Welcome and roll call-** The group was welcomed and roll call taken.
2. **Antitrust Statement and Patent Policy** –Staff reminded members of the [Guidelines for Conducting NEMA Meetings](#) and Patent Disclosure Policy that may be found here: <https://www.dicomstandard.org/patent>.
3. **Review, revise, approve agenda-** Agenda was reviewed. Suggestion to discuss with WG-6 offline regarding table and overview. Someone suggested that we add anonymization in overview. Now they have the comment that do we put TLS, etc.? Review of comments via putting together a spreadsheet.

Question- when do we need trademark, etc. on DICOMweb? Not a WG-6 comment. How to write out DICOMweb, etc. At some points there is DICOM & when to use? Define once at the beginning of the document?

Question: Section 7.2- adding another section- can we add sections in between. Will make it shift. Q from Jeroen- will change the update. Is it allowed to do this? Should check w/David Clunie or Kevin O’Donnell.

DICOM process- Need answers to the following questions: do we need to give answers and in what format? Adjust resolution to comment. How to share the resolution with comments? What we expect here? Do we need to post them at all?

Action: Group to ask Shayna Knazik or Bjorn Nolte about formatting and expectations for comments.
