1. CALL TO ORDER AND REVIEW OF ANTI-TRUST RULES AND DICOM PATENT POLICY

The meeting was called to order. The [Guidelines for Conducting NEMA Meetings](https://www.dicomstandard.org/nema-meetings) and Patent Disclosure Policy (<https://www.dicomstandard.org/patent>) governed this meeting.

2. WELCOME/ATTENDANCE/INTRODUCTION

The attendance was taken.

3. REVIEW AND APPROVE AGENDA

The agenda was reviewed.

4. REVIEW MINUTES

The minutes of the July meeting were reviewed and approved.

5. TOPIC ITEMS TO BE DISCUSSED

- PS3.2 – U
 - Annex N (fka Supplement 209) – These have been submitted to WG-6 and have been assigned. There was not much discussion on these CPs and will mainly be discussed during the WG-6. Comment: Rob Horn noted that the Security WG put in a CP to make some additions to conformance to cover the security section of DICOMweb. This WG does not have to do anything. CP 2340 is a placeholder at the moment. We have received requests to profile DICOMweb Security.
 1. Link to Annex N-
 2. This CP clarifies that the conformance statement can be split into multiple documents.
- Supplement 207 – Conformity assessment clauses and test cases (All)-No update
- Steve Nichols will also be submitting a CP to update DICOMweb items in Pt. 2. There were some items identified in Supplement 228. Capitalization items, and bulk rendered items. WG-31 would like to see these and Hervé Hoehn may have additions as there were other items potentially found.

There was one comment from Jorg re: splitting conformance statement into multiple documents, which was discussed in WG-6. Bjoern Nolte also has it on the list to discuss at WG-6.

HTJ2K supplement update some items, will not push people to update Annex N for services that are not likely to change.

Hervé Hoehn- WG-27 needs to make sure that STOW service represents requirements Pt. B, 4 and need to placeholder for STOWE and note that if don't store STOWE CP.

Action: Hervé Hoehn to draft a CP on this topic working with Steve Nichols.
