Log Summary: Add UDI code for use in templates

Name of Standard
PS 3.16

Rationale for Correction:
The Unique Device Identifier (UDI) of a device or drug may be needed as contents within a structured report.
This adds a DICOM code to indicate that a field is a UDI.

Correction Wording:
<include proposed change below, following guidelines for formatting of changes in supplements>

<table>
<thead>
<tr>
<th>Code Value</th>
<th>Code Meaning</th>
<th>Definition</th>
<th>Notes</th>
</tr>
</thead>
<tbody>
<tr>
<td>newcode001</td>
<td>UDI</td>
<td>The entire Human Readable Form of the UDI as defined by the Issuing Agency.</td>
<td>See PS3.3 Section 10.29.1.</td>
</tr>
</tbody>
</table>
