### Suggested Wording of Change

In H.3.4 SCU Conformance Statement Section, Delete the last bullet item from the following text:

"The SCU Conformance Statement shall specify the following items :

- maximum number of supported associations at the same time
- list of supported SOP Classes and Meta SOP Classes
- list of supported optional SOP Class Attributes and DIMSE Service Elements."

Add the following additional bullet entries in its place:

"- for each of the supported SOP and Meta SOP Classes:

- list of supported optional SOP Class Attributes and DIMSE Service Elements
- for each supported Attribute (mandatory and optional Attribute) :
  - valid range of values"
