

## DICOM Correction Item

Correction Number	CP-56
Log Summary: Conditional usage of Pixel Aspect Ratio	
Type of Modification Inconsistency	Name of Standard PS 3.4 - 1993
Rationale for Correction  In Part 3, Table C.7-9, The Pixel Aspect Ratio is of type 1C and is defined to be required if the aspect ratio is not 1\1 and the Image Plane Module is not applicable to this image.  In Part 4, Table H.4-10 and Table H.4-11, the usage for Pixel Aspect Ratio was incorrectly designated as M/M implying that it must always be sent, even if the Part 3 conditions are not met.	
Correction Wording:  Table H.4-10 and Table H.4-11	
Suggested Wording of Correction  In Table H.4-10 and Table H.4-11,  Change the Pixel Aspect Ratio usage from M/M to MC/M and add the following text to this usage:  (Required if the aspect ratio is not 1\1).
