

DICOM Correction Item

Correction Number	CP-76						
Log Summary: Make link from Study to Study Component optional							
Type of Modification	Name of Standard						
Inconsistency	PS 3.3 - 1993 and PS3.4- 1993						
<p>Rationale for Correction:</p> <p>A Study Management SCP is required to provide a Study Component Instance UID in any Study N-GET request (the Referenced Study Component Sequence attribute is defined as type 3/1).</p> <p>However, since a Study N-GET request may be sent to the SCP before any Study Component is created, the Study SCP shall not be required to provide this information.</p>							
<p>Sections of document affected:</p> <p>PS 3.4, Table F.3-2 Detached Study Management SOP Class N-GET attributes</p>							
<p>Correction Wording:</p> <p>PS 3.4, Table F.3-2 Detached Study Management SOP Class N-GET attributes Change the Referenced Study Component Sequence entry as follows:</p> <table style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="text-align: left;">Attribute Name</th> <th style="text-align: left;">Tag</th> <th style="text-align: left;">Requirement Type (SCU/SCP)</th> </tr> </thead> <tbody> <tr> <td>Referenced Study Component Sequence</td> <td>(0008,1111)</td> <td>3/1C (Required if a Referenced Study Component exists.)</td> </tr> </tbody> </table>		Attribute Name	Tag	Requirement Type (SCU/SCP)	Referenced Study Component Sequence	(0008,1111)	3/1C (Required if a Referenced Study Component exists.)
Attribute Name	Tag	Requirement Type (SCU/SCP)					
Referenced Study Component Sequence	(0008,1111)	3/1C (Required if a Referenced Study Component exists.)
