Correction Wording:		

Replace Figure C.7.6.16-2 with new versions and add the Figure Title

C.7.6.16.1.3 SOP Instance UID of Concatenation Source

The SOP Instance UID of Concatenation Source **attribute (0020,0242) contains the SOP Instance UID of the original, not concatenated, SOP Instance and** does not change when a concatenation is created. It is independent of the Concatenation UID because a SOP Instance can be divided into concatenations only during exchange and there can be more than one concatenation with different Concatenation UIDs of a original SOP Instance, see Figure **C.7.6.176-2X**.
