Log Summary: Registration Fiducials Reference Macro	
Name of Standard	PS 3 2011
Rationale for Correction	<p>There is an inconsistency in (1) C.20.2 Spatial Registration Module and (2) C.20.3 Deformable Spatial Registration Module.</p> <p>(1) in the Sequence 'Used Fiducials Sequence (0070,0314)', the 'SOP Instance Reference Macro' Table 10-11 is used to reference a Spatial Fiducial SOP</p> <p>(2) in the Sequence 'Used Fiducials Sequence (0070,0314)', the 'Image SOP Instance Reference Macro' Table 10-3 is used to reference a Spatial Fiducial SOP</p> <p>Because in fact, the referenced Spatial Fiducials IODs do not contains frames etc., the Image SOP Instance Reference Macro in the wrong macro here. Further on, in the same sequence, the same syntax below is definitely wanted. Therefore this CP replaces the 'Image SOP Instance Reference Macro' by the 'SOP Instance Reference Macro' in the Deformable Spatial Registration Module.</p>
Correction Wording:
