Submission Date	2011/08/22

Correction Number	CP-1300
Log Summary: Include PPS End Date & Time in Composite IODs and de-identification	
Name of Standard	PS 3.3, 3.15 2011
<p>Rationale for Correction:</p> <p>The Performed Procedure Step Start Date and Time were included in the Basic Application Level Confidentiality Profile in Sup 142, but not the End Date and Time. They were probably omitted because they were not present in any PS 3.3 Composite IOD, which is another oversight. Add them to the IODs and the profile.</p>
