8	Correction Number CP-1467	
9	Log Summary: Correct time point context relationship	
10	Name of Standard	
11	PS3.16 2015c	
12	SR templates allow the relationship for included templates to be specified either in the inclusion or in the template with each	
13	(non-nested) content item, which sometimes leads to inconsistencies.	
14	TID 1502 Time Point Context is included in several templates with a CONTAINS relationship, but the template itself consists of a list	
15	of content items with a HAS OBS CONTEXT relationship. The latter is what was intended.	
16	Correction Wording:
