

### DICOM Correction Item

Correction Number		CP-241
Log Summary: Consistency of Imaging Service Request attributes		
Type of Modification	Name of Standard	
Clarification	PS 3.3 2000	
Rationale for Correction		
The attributes (0040,2004) and (0040,2005) are spelled differently in parts 3 (“issuing”) and 6 (“issue”). It is proposed to make these both “issue”. This does not affect encoding of messages, only the documentation
