Correction Number CP-2424	
Log Summary: Correct the Relax NG Compact Schema for the Native DICOM Model	
Type of Modification	Name of Standard
Correction	PS3.19 2024e
Rationale for Correction: The Relax NG Compact Schema for the Native DICOM Model has a syntax error and it is not possible to use in applications that can interpret Relax NG Compact Schemas.	
Sections of documents affected Section "A.1.6 Schema" of chapter 19 lists all DICOM VRs, where one line says: "IS" "LO" "LT" "OB" "OD" "OF" "OL" "OV" "OW" "PN" "SH" "SL"	
Correction Wording: There is a superfluous vertical bar between OV and OW. The line should say: "IS" "LO" "LT" "OB" "OD" "OF" "OL" "OV" "OW" "PN" "SH" "SL"
