

DICOM Correction Item

Correction Number		CP-342
Log Summary: MWL Response Identifier should contain only what was requested		
Type of Modification	Name of Standard	
Clarification	PS 3.4 2003	
Rationale for Correction		
For the Q/R service PS 3.4 C.4.1.1.3.2 says:		
"C.4.1.1.3.2 Response Identifier Structure		
The C-FIND response shall not contain Attributes that were not in the request or specified in this section.		
An Identifier in a C-FIND response shall contain:		
- Key Attributes with values corresponding to Key Attributes contained in the Identifier of the request...."		
The corresponding section in MWL does not specifically contain the comment that you should not get back more than was asked for.		
Sections of documents affected		
PS 3.4 K.4.1.1.3.2		
Correction Wording:		

K.4.1.1.3.2 Response Identifier Structure

The C-FIND response shall not contain Attributes that were not in the request or specified in this section.

An Identifier in a C-FIND response shall contain:

- Key Attributes with values corresponding to Key Attributes contained in the Identifier of the request (Key Attributes as defined in K.2.2.1.)
